*Sophomores who have had World Lit previously will be placed into American Lit.

¹ Semester-long course

² Year-long course

Current in-district, in-building students should build full schedules at their in-building schools in case their desired online courses may not be offered because of low enrollment numbers. In-building courses may be dropped to take an online course in August 2014.

Courses will be offered based on student demand as determined through enrollment. Academy Online may add or remove courses based on enrollment and budgetary considerations. These changes will be communicated as needed.
